RE: Third Review – Mustang Connect Pipeline

Application Number: **DA-2207-00**

Case Number: **2019-6060-00**

Dear City of Aurora Representative:

Thank you for your comments regarding the second submission of our Mustang Connect Pipeline application. We reviewed your comments and included our responses to each item in blue along with this cover letter. Additionally, we submitted revised documents as requested.

If you have any comments or concerns, please feel free to reach me at 720-929-3496.

Regards,

A handwritten signature in blue ink that reads 'Aileen Yeung'.

SECOND SUBMISSION REVIEW: RESPONSE TO COMMENTS FROM AURORA

PLAN SET COMMENTS

1 Plan Set

1.A Plan Set

- 1.A.1 Remove land ownership from adjacent properties. Retain a label for the railroad for context. (Planning)

KMGG removed land ownership from all properties while retaining a label for the railroad for context.

- 1.A.2 Clarify which areas are City of Aurora/Unincorporated County. (Planning)

KMGG clarified which areas are City of Aurora/Unincorporated County by hatching parcels outside of City of Aurora boundaries.

- 1.A.3 Only include relevant information in the legend. (Planning)

KMGG removed items not shown on the Site Plan from the legend.

- 1.A.4 If pursuing a depth adjustment with the City Engineer, identify the location of the depth adjustment on the site plan. (Planning)

KMGG identified the location of the depth adjustment to 6' on Monaghan Road following approval from the City Engineer. The documentation associated with the variance request was uploaded as part of this submission.

1.B Sheet 2

- 1.B.1 Change "County" Road to "Powhaton" Road as shown on the Site Plan. (Public Works)

KMGG changed "County" Road to "Powhaton" Road on Sheet 2.

1.C Sheet 3

- 1.C.1 Include Lot and Block information with Mustang Booster Station Subdivision #1. (Planning)

KMGG included Lot and Block information with Mustang Booster Station Subdivision #1.

- 1.C.2 Change "County" Road to "Monaghan" Road as shown on the Site Plan. (Public Works)

KMGG changed "County" Road to "Powhaton" Road on Sheet 3.

- 1.C.3 Include proposed bore hole locations. (Planning)

KMGG's proposed bore hole locations are labeled as HDD Entry and HDD Exit.

2 Vicinity / Context Map (Planning)

- 2.A No comments.

3 Interim Reclamation Plan (Planning)

- 3.A No comments.

4 Visual Mitigation Plan

4.A No comments.

5 Landscape Plan

5.A N/A

17.A.2 Please provide a separate letter stating that you have incorporated all applicable recommendations in the Emergency Response Plan.

the results and the recommendations is enclosed in this submission. KMGG will utilize cathodic protection from the existing 16-73-1-20 pipeline at the Wattenberg Plant to provide external corrosion protection that will meet or exceed Pipeline and Hazardous Materials Safety Administration (PHMSA), Public Utilities Commission (PUC), or National Association of Corrosion Engineers (NACE) criteria.

COMMENTS ON OTHER REQUIRED ITEMS

18 Traffic Letter / Plan (Traffic Engineering)

18.A No comments.

19 License Agreements (Real Property)

19.A A License will be required for crossing easements, roads, right of ways, and any City infrastructure.

Kerr-McGee Gathering LLC has commenced the license agreement process with the City of Aurora's Real Property department for crossings. All necessary license agreements will be obtained prior to the construction of the pipeline.

20 Recorded Surface Use Agreement (Real Property)

20.A No comments.

21 Property Owner Authorizations (Real Property)

21.A No comments.

22 Water Delivery Method/Water Supply Plan (Water)

22.A N/A

23 Groundwater Quality Monitoring Plan (Water)

23.A Not applicable

24 Fugitive Dust Suppression Plan (Water)

24.A This requirement was satisfied at initial submittal.

25 Fluid Disposal Plan (Water)

25.A This requirement was satisfied at initial submittal.

26 Water Use Plan CDPHE Reg. 84

26.A N/A

27 Weed Control Plan (Water and PROS)

27.A No comments.

28 Wildlife Impact Mitigation Plan (PROS)

28.A No comments.

29 Stormwater Management Plan (Public Works)

29.A These Civil documents will be reviewed and commented on by the standard SWMP Review team via upload through the separate Public Works portal; please contact Public Works at 303-739-7457 to set up a Pre-Submittal meeting.

A pre-submittal meeting was held on January 17, 2020, with Jared Coleman (Engineering) and Steve DeKoskie (Aurora Water). Kerr-McGee Gathering LLC submitted civil plans for review on February 3, 2020, and will proceed through the City of Aurora's Civil Plan submittal and review process.

30 Preliminary Drainage Report / Letter (Public Works)

- 30.A This document will be reviewed and commented on by the standard SWMP Review team via upload through the separate Public Works portal; please coordinate with Public Works to utilize that portal if you haven't already.

A pre-submittal meeting was held on January 17, 2020, with Jared Coleman (Engineering) and Steve DeKoskie (Aurora Water). Kerr-McGee Gathering LLC submitted civil plans for review on February 3, 2020, and will proceed through the City of Aurora's Civil Plan submittal and review process.

31 Road Maintenance / Construction (Public Works)

- 31.A N/A

32 Air Quality Plan (Planning)

- 32.A N/A

33 Noise Management Plan (Planning)

- 33.A N/A

34 Application Form (Planning)

- 34.A No comments.

35 1-Mile Radius Abutters List (Planning)

- 35.A No comments.

36 Registration Form (Planning)

- 36.A Provide the registration form for the appropriate governing body (DOT, COGCC, etc.) for this pipeline. (Planning)

Neither the Department of Transportation nor the Colorado Public Utilities Commission requires registration for natural gas pipelines under their jurisdiction.

37 Xcel Energy

- 37.A See attached letter.

KMGG submitted an encroachment request application with Xcel Energy. A letter from Xcel Energy regarding the state of the application is enclosed with this submission.

38 Tri-County Health

- 38.A See attached letter.

KMGG will not be constructing any above-ground appurtenances along the route of this pipeline project (the AGAs constructed within the existing Wattenberg Plant and the Mustang Booster Station that is being constructed).

During construction, KMGG will place portable toilets at a ratio of one per every ten people near the location of the crew. These portable toilets will be cleaned once a week and moved with the crew to ensure accessibility and availability for maintenance. Additionally, KMGG will utilize two dumpsters for the disposal of materials throughout the duration of the project.
