Re: Initial Submission Review– Grande North Lateral Natural Gas Pipeline No 4 – Site Plan Amendment
Application Number: **DA-2235-04**
Case Numbers: **2020-6017-03**

Dear Ms. Floyd:

Thank you for your initial submission, which we started to process on Thursday, July 15, 2021. We reviewed it and attached our comments along with this cover letter. The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and community members.

Since several important issues remain, you will need to make another submission. Please revise your previous work and send us a new submission on or before Tuesday, August 17, 2021. Your administrative decision date is tentatively set for Tuesday, August 31, 2021.

Note that all our comments are numbered. When you resubmit, include a cover letter specifically responding to each item. The Planning Department reserves the right to reject any resubmissions that fail to address these items. If you have made any other changes to your documents other than those requested, be sure to also specifically list them in your letter.

As always, if you have any comments or concerns, please contact me. I can be reached at cmbrown@auroragov.org or 303-739-6824.

Sincerely,

Colin Brown, Senior Planner

CPRM GRANDE NORTH LATERAL AMENDMENT OIL AND GAS MIDSTREAM PERMIT REVIEW

Initial Submittal Review

SUMMARY OF KEY COMMENTS FROM ALL DEPARTMENTS

- Make necessary revisions to Plan Set
- See comment letters from Arapahoe County, Xcel Energy, and Tri-County Health Department. Please coordinate and respond to their comments.
- As a reminder, the City has developed CAD Data Submittal Standards for internal and external use to streamline the process of importing AutoCAD information into the city's Enterprise GIS. Please note that a digital submission meeting the CAD Data Submittal Standards is required before your final Site Plan mylars can be routed for signatures or recorded. Please review the CAD Data Submittal Standards, including templates and required layer file labeling, at <http://tinyurl.com/AuroraCAD>. Email your Case Manager the appropriate Site Plan *and Pipeline Easement* file before submitting your final Site Plan mylars. Once received, the City's AutoCAD Operator will run an audit report and your Case Manager will let you know whether the file meets or does not meet the City's CAD Data Submittal Standards. Please email CADGIS@auroragov.org for questions or more detailed instructions.
- Respond to additional redline comments

RE: Grande North Lateral Gas Pipeline No. 3 and 4, 2020-6017-04, 2019-6048-02
TCHD Case No. 7117, 7133

Dear Mr. Brown,

Thank you for the opportunity to review and comment on the site plan amendment for 700 feet of pipeline located at 1230 S Powhatan Road, southeast of Powhatan and the Mississippi Avenue Alignment. Tri-County Health Department (TCHD) staff has reviewed the application for compliance with applicable environmental and public health regulations and principles of healthy community design. After reviewing the application, TCHD has the following comments.

Sanitary and Solid Waste Disposal

The application does not specify how sanitary and solid waste will be provided during the construction for construction workers. We anticipate that trash dumpsters and portable toilets will be necessary during construction. TCHD has no objection to the use of portable toilets, provided they are properly maintained. TCHD recommends that the applicant address these, in terms of numbers, locations, and vendor.

Please feel free to contact me at 720-200-1575 or kboyer@tchd.org if you have any questions on TCHD's comments.

Sincerely,

Re: Grande North Lateral Natural Gas Pipeline No. 4, Case # DA-2235-04

Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk has reviewed the site plans for **Grande North Lateral Natural Gas Pipeline No. 4**. Please be aware PSCo owns and operates existing electric distribution facilities within the proposed project area. The property owner/developer/contractor must complete the application process for any new electric service, or modification to existing facilities via xcelenergy.com/InstallAndConnect. It is then the responsibility of the developer to contact the Designer assigned to the project for approval of design details.

Additional easements may need to be acquired by separate document (i.e. transformer) – be sure to ask the Designer to contact a Right-of-Way & Permits Agent in this event.

As a safety precaution, PSCo would like to remind the developer to call the Utility Notification Center by dialing 811 for utility locates prior to construction.
