Meeting: Schematic Design Review #2  
Location: Fitzsimons Redevelopment Authority

## FITZSIMONS INNOVATION CAMPUS

December 2, 2018

Dear Emmett,

The Fitzsimons Design Review Board approves your Schematic Design for Site Plan, Architecture and Landscape. Please note that the committee suggests that the color and material palette receive further consideration to reduce the contrast in the building. We appreciate your response to our comments from your previous submittal and look forward to further development of the Project

Please feel free to contact me with any questions.

Sincerely,

Mark W. Johnson  
Design Review Board Chair
