Criteria for Approval of Conditional Uses Section 402(c)(1 thru 8)

The following criteria shall be applied in reviewing each application:

- 1. The compatibility of the proposed use with existing and planned uses on abutting properties;**
- 2. Any increase in density or intensity of the proposed use that will affect the compatibility of the use with existing and planned uses in the surrounding area;**
- 3. The proposed use will not change the predominant character of the surrounding area;**
- 4. The ability to mitigate adverse and undesirable impacts to the surrounding area, including but not limited to visual impacts, air emissions, noise, vibrations, glare, heat odors, water pollution, electromagnetic interference, and other nuisance effects;**
- 5. Amount of traffic generated and capacity and design of roadways to handle anticipated traffic;**
- 6. The effect on infrastructure including water, wastewater, stormwater, utilities, and streets;**
- 7. The incorporation and integration of architectural and landscape features to mitigate impacts from the proposed use;**
- 8. The city council, planning commission, or planning director are authorized to consider the past performance of an applicant in their consideration of any conditional use. The planning commission, city council, or planning director may use as a basis for denial whether the applicant or developer is determined to be in violation of any requirements, conditions, or representations on a prior development.**
