1. Include a narrative to explain the difference between the each of the different sign types, especially the Village and Secondary Entry Monuments. Include the general purpose and typical location for each sign type, ie. key intersections, neighborhood entrances, community entrance.

**Response: Additional language has been incorporated into the FDP sheets further outlining monument types and placement within the community.**

2. Provide criteria for when more than one sign type may be proposed at an intersection, ie. a Village Monument and a Primary Entry Monument at a neighborhood entrance.

**Response: Additional language has been added outlining best practice for placement of the monuments.**

**Response: Sign naming has been revised.**
