ARAPAHOE COUNTY PUBLIC WORKS & DEVELOPMENT, Sue Liu, PE

Comment: Engineering Services Division of Arapahoe County Public Works and Development (Staff) thanks you for the opportunity to review the outside referral for the proposed project located in the City of Aurora. Staff has no comments regarding the referral at this time based on the information submitted.

Response: Acknowledged.

Comment: Please know that other Divisions in the Arapahoe County Public Works Department may submit comments as well.

Response: Acknowledged.

TRI-COUNTY HEALTH DEPARTMENT, Kathy Boyer REHS

Sanitary and Solid Waste Disposal

Comment: The application does not specify how sanitary and solid waste will be provided during the construction for construction workers. We anticipate that trash dumpsters and portable toilets will be necessary during construction. TCHD has no objection to the use of portable toilets, provided they are properly maintained. TCHD recommends that the applicant address these, in terms of numbers, locations, and vendor.

Please feel free to contact me at 720-200-1575 or kboyer@tchd.org if you have any questions on TCHD's comments.

Response: Portable toilets may be located along the pipeline corridor. They shall be securely staked on a flat surface, so that they do not fall over. Placement of toilets shall consider nearby equipment, drainageways and vehicular traffic so they are not inadvertently knocked over.

XCEL ENERGY, Donna George

Comment: Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk has reviewed the site plans for Grande North Lateral Natural Gas Pipeline No. 4.

Please be aware PSCo owns and operates existing electric distribution facilities within the proposed project area. The property owner/developer/contractor must complete the application process for any new electric service, or modification to existing facilities via xcelenergy.com/InstallAndConnect. It is then the responsibility of the developer to contact the Designer assigned to the project for approval of design details.

Response: Acknowledged. No disturbance is proposed within any Xcel Right-of-Way for this project.

Comment: Additional easements may need to be acquired by separate document (i.e., transformer)
– be sure to ask the Designer to contact a Right-of-Way & Permits Agent in this event.

Response: Acknowledged. No disturbance is proposed within any Xcel Right-of-Way for this project.

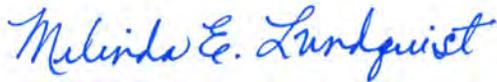

Comment: As a safety precaution, PSCo would like to remind the developer to call the Utility Notification Center by dialing 811 for utility locates prior to construction.

Response: Acknowledged.

If you have any questions, please feel free to contact me at 720-249-3539.

Please contact me if you have any questions.

Sincerely,
