Re: Fifth Submission Review: 18820 E Smith Rd – Site Plan and Deferral of Public Improvements
Application Number: DA-2191-00
Case Numbers: 2021-6020-00, 2021-9001-00

Dear Mr. Perez:

Thank you for your fourth submission, which we started to process on December 29, 2022. We have reviewed your plans and attached our comments along with this cover letter.

The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and outside agencies.

Since several important issues still remain, you will need to make another submission in the form of a technical submission after the administrative decision has been made, which is scheduled for February 22, 2023. Planning Staff is coordinating with Public Works on the status of the Deferral of Public Improvements.

Note that all our comments are numbered. When you resubmit, include a cover letter specifically responding to each item. The Planning Department reserves the right to reject any resubmissions that fail to address these items. If you have made any other changes to your documents other than those requested, be sure to also specifically list them in your letter.

As always, if you have any comments or concerns, please let me know. I may be reached at 303-739-7541 or rrabbaa@auroragov.org.

Sincerely,

Rachid Rabbaa, Planner I

Re: 18920 East Smith Road – 4th referral, Case # DA-2191-00

Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk reminds the property owner/developer/contractor to complete the application process for any new natural gas or electric service, or modification to the existing underground electric and natural gas distribution facilities along the north property line via xcelenergy.com/InstallAndConnect for **18920 East Smith Road**.

If additional easements need to be acquired by separate PSCo document, a Right-of-Way Agent will need to be contacted.
