Re: Third Submission Review – Mustang Connect Pipeline – Site Plan
Application Number: **DA-2207-00**
Case Number: **2019-6060-00**

Dear Ms. Yeung:

Thank you for your third submission. We reviewed it and attached our comments along with this cover letter. The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and community members.

You will not need to make another submission at this time. Continue to work through any variance requests with Public Works. Notices of administrative decision must be mailed and signs must be posted 10 days prior to the administrative decision.

If you have any comments or concerns, please contact me. I can be reached at text@auroragov.org and 303-739-7450.

Sincerely,

Tanner Axt, LEED Green Associate

MUSTANG CONNECT PIPELINE OIL AND GAS PERMIT REVIEW

Third Submission Review

SUMMARY OF KEY COMMENTS FROM ALL DEPARTMENTS

- As a reminder, the City has developed CAD Data Submittal Standards for internal and external use to streamline the process of importing AutoCAD information into the city's Enterprise GIS. Please note that a digital submission meeting the CAD Data Submittal Standards is required before your final Site Plan mylars can be routed for signatures or recorded. Please review the CAD Data Submittal Standards, including templates and required layer file labeling, at <http://tinyurl.com/AuroraCAD>. Email your Case Manager the appropriate Site Plan and Pipeline Easement files before submitting your final Site Plan mylars. Once received, the City's AutoCAD Operator will run an audit report and your Case Manager will let you know whether the file meets or does not meet the City's CAD Data Submittal Standards. Please email CADGIS@auroragov.org for questions or more detailed instructions.
- Respond to additional redline comments.

REVIEWERS

- Planning – Steve Rodriguez and Tanner Axt / 303-739-7186 and 303-739-7450 / srodrigu@auroragov.org and taxt@auroragov.org / Comments in dark teal
