

9 Propane Tanks (33 LB) - Outdoor - Horizontal Storage - Steel & Mesh - Gas Cylinder Cage

Model #CBH09302MSAAM

PRICE: \$555.00

<https://www.usasafety.com/CBH09302MSAAM>

The cabinet holds up to 9 propane forklift tanks (33 lb) in a horizontal position. The cage doors and side panels are made with formed galvanized steel angles and galvanized expanded metal that is coated with hi-build electrostatic powder coating. The top and back of the cabinet is made from solid galvanized steel panels. The door on this unit includes tamper resistant stainless steel hinges and a heavy duty lock receiver (lock is not included). "Propane - No Smoking" and 2-4-0 OSHA Diamond signage is included. Each footpad on the cage has one 13/16" pre-drilled hole to accommodate an anchor bolt. Meets OSHA and NFPA requirements for LP fuel cylinder storage. Ships assembled. Cabinet dimensions (WxDxH): External: 44" x 30" x 53"

Status: Built to order

Shipping: Ships 5-10 business days from order date. You will be sent a tracking # upon shipment.

Cabinet capacity: 9 cylinders (33 lb) of 12.5" diameter
