**RE: PROJECT NARRATIVE FOR EXISTING TELECOMMUNICATIONS FACILITY MODIFICATION
MINOR AMENDMENT APPLICATION FORM**

**PROJECT SITE ADDRESS: 1550 SABLE BLVD., AURORA, CO 80011
PARCEL NUMBER: 0182131400002
DISH SITE NUMBER: DEN00200A
APC TOWER SITE ID: CO-1461**

City of Aurora Planning & Development:

Attached is the Minor Amendment Application for a Telecommunications Facilities Modification application along with the related zoning drawings and photo sims. The proposed scope of work is as follows:

Installation of (3) antennas, (6) RRU's, and related equipment on an existing 70' monopine. Also, installation of (1) cabinet and related ground equipment within the existing fenced compound area.

The existing site is located within an established commercial area and is zoned MU-C. The proposed modification will not increase the height of the tower and will not increase the area of the fenced equipment compound. According to FCC guidelines, this proposed modification is an eligible facilities request and shall be approved by the local jurisdiction (Sec. 6409a of the Spectrum Act).

I look forward to working with the City of Aurora's Planning and Development Department in completing this application and working on an approval. As the primary point of contact for this application, please let me know if you need further information or need corrections to the submittal.

Sincerely,

Jeremy Underwood
