Re: Second Technical Submission Review: 18920 E Smith Rd – Site Plan and Deferral of Public Improvements
Application Number: DA-2191-00
Case Numbers: 2021-6020-00, 2021-9001-00

Dear Mr. Perez:

Thank you for your second submission, which we started to process on July 27, 2023. We have reviewed your plans and attached our comments along with this cover letter.

The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and outside agencies.

Since several important issues still remain, you will need to make another technical submission on or after August 24th.

Note that all our comments are numbered. When you resubmit, include a cover letter specifically responding to each item. The Planning Department reserves the right to reject any resubmissions that fail to address these items. If you have made any other changes to your documents other than those requested, be sure to also specifically list them in your letter.

As always, if you have any comments or concerns, please let me know. I may be reached at 303-739-7541 or rrabbaa@auroragov.org.

Sincerely,

Rachid Rabbaa, Planner II
