

An architectural rendering of a modern building complex. The scene features two main structures. On the left is a long, low building with a repetitive facade of grey panels and horizontal wooden slats. To its right is a taller, more complex building with a mix of grey panels, large windows, and vertical wooden accents. A prominent feature of the taller building is a covered entrance area with a white roof and wooden frame. A person is standing near this entrance for scale. The foreground consists of a green lawn and a grey paved area. The background is a plain white sky.
