Dear Mr. Axt,

The above mentioned property will be used to store light construction equipment. Equipment might include small trucks, small trailers, jack hammers, shovels, landscaping and other miscellaneous equipment. The property will also contain 2 prefabricated storage sheds to secure small equipment. The existing conditions of the lot are undisturbed and vacant. The hours of operations will be approximately from 7:00 am to 5:00 pm and it will not have any employees on site.

Thanks,
