**Re: 2<sup>nd</sup> Technical Submission Review – T-Mobile Switching Center – Site Plan Amendment**  
Application Number: **DA-1335-33**  
Case Number: **2006-6019-03**

Dear Mr. King:

Thank you for your 2<sup>nd</sup> technical submission. We reviewed your proposed site plan amendment and attached our comments along with this cover letter. The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and community members.

Please make the changes as shown on the redlined Site Plan Amendment. The only items that remain are the finalization of the preliminary drainage report and the completion of all easement and license agreement issues. Once those items are addressed, please flatten the PDF Site Plan Amendment and submit it for the City's records. Staff will digitally update the Site Plan of record and it will be reflected on our GIS.

As always, if you have any comments or concerns, please give me a call. I may be reached at 303.739.7121 or [dosoba@auroragov.org](mailto:dosoba@auroragov.org).

Sincerely,

Daniel Osoba, Planner II
