Re: Third Submission Review Gander Mountain – Site Plan Amendment (Colorado Community Church)
Case Number: **1985-6066-13**

Dear Mr. McLean,

Thank you for your third submission, which we started to process on October 24, 2018, 2018. We have reviewed the application and attached our comments along with this cover letter. The first section of our review includes a summary of key comments from all departments. The following sections contain more specific comments, including those received from other city departments.

The only comment that remains is in regards to the Drainage Letter, therefore you will not need another submittal. All other comments and issues have been addressed; however the Site Plan Amendment cannot be approved until the Drainage Letter is complete. Please contact Public Works Engineering for letter status information and submittals. When the Drainage Letter is approved, I will issue an approval letter and send the signed Minor Amendment Application for your records. At that time, you may start to pull Building Permits for this project.

If you have any questions, please contact me at dosoba@auroragov.org or 303.739.7121.

As always, if you have any comments or concerns, please send me an email or give me a call.

Sincerely,

Dan Osoba, Planner I
