**RE:** SITE PLAN AMENDMENT INITIAL COMMENT RESPONSES  
Northrop Grumman (TRW Building AUC-9) 750 S. Richfield Street  
Case Number: 1996-6095-08

Dear Ms. Kreimeyer,

Please find the responses to the Second Submission Review Comments (dated September 13, 2021) for the above referenced project.

**1. Planning**

1A. There were no comments.

**2. Fire / Life Safety**

2A. We have incorporated the notation listed on the site plan .pdf including:

2B. Barrier gate device specifications with adjusted notations, details, and enlarged plans have been added / modified to sheet A1.2 and A1.3.  
The internal circuit board on the on the operator has slots for electronic Knox eKey recognition.

**3. Real Property**

3A. We have integrated the comments on the site plan .pdf into the updated exhibits.

3B. We have initiated the License Agreement process with Grace Gray and will be submitting the required documents to her office for review and approval.

Thank you,  
**Gerry Lannom, Project Manager**
